

SCHOLASTIC Magazines

Kids are interested in the world around them—and **Scholastic Magazines** are a great way to bring the world into your classroom. From grade-appropriate current events and engaging stories to hands-on math and science investigations, **Scholastic Magazines** provide the curriculum support you need and the topics students love.

Scholastic Magazines give you:

- ▶ Exciting, timely topics to which kids can relate
- ▶ Real-life lessons that make teaching easier
- ▶ Easy, interactive, hands-on activities
- ▶ Time-saving teaching materials that support your classroom curriculum

Grades K–3

My Big World with Clifford

Kindergarten

My Big World with Clifford is designed to advance young students' social development and promote early reading and other readiness skills, in association with much-loved Clifford, the Big Red Dog. Each magazine revolves around a familiar theme such as bugs, holidays, weather, friendship, kindness, or respect.

8 issues per school year, 8 pages

Let's Find Out

Kindergarten

Let's Find Out is a complete science and social studies program for active learning. Each issue explores one theme across the curriculum through real-world stories and hands-on activities and investigations. Keep your students discovering all year long!

8 issues per school year, 8 pages

Storyworks Jr.

Grades 2–3

Both in print and online, *Storyworks Jr.* offers foundational and comprehension support that will help struggling readers and ELLs learn from our texts. This includes lower-level print and audio versions of articles, knowledge-building videos, scaffolded activities, and plenty of differentiation ideas in our lessons.

6 issues per school year, 32 pages

Grades 3–6

Storyworks

Grades 3–5

Storyworks makes reading, writing, and building language arts skills fun for kids every month. Each colourful issue is packed with fiction, poetry, non-fiction, and plays that kids love to read—plus lively, interactive activity pages that build skills.

6 issues per school year, 32 pages

SuperScience

Grades 3–6

A high-interest, interactive magazine that supports any science curriculum. Each theme-based issue of *SuperScience* presents current science and technology news, captivating photographs, and hands-on science experiments that stimulate students' interest and develop critical-thinking skills.

8 issues per school year, 16 pages

DynaMath

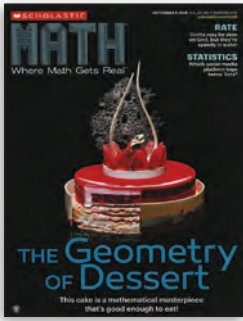

Grades 3–6

DynaMath offers high-interest, real-world features that help students apply math concepts. It includes hands-on problem-solving and graphing activities, word problems, computation, measurement, and skills pages to support independent work.

8 issues per school year, 16 pages

Free online resource with bulk or teacher edition subscription!

Grades 7–12

Math

Grades 6–9

With its teen-angled stories on sports, TV, music, and movies, *Math* integrates problem solving, pre-algebra, statistics, geometry, graphs, and dozens of other skills your students need to know. Includes stories, interactive math problems, brainteasers, and easy-to-use lessons that meet your curriculum goals.

10 issues per school year, 16 pages

ScienceWorld

Grades 6–10

An award-winning publication that covers all areas of the science curriculum—life, earth and physical science, and technology. With hands-on experiments and the latest news stories, *ScienceWorld* keeps your curriculum fresh and inspires students to explore science in their daily lives.

12 issues per school year, 32 pages

Choices

Grades 7–12

Every issue of *Choices* concentrates on topics that are relevant to teen life, such as self-esteem, substance-abuse prevention, nutrition, family issues, consumer skills, and more. *Choices* talks to teens to get their views! Interactive features build reading and learning skills and help students in decision making and career planning.

8 issues per school year, 32 pages

Junior Scholastic

Grades 3–5

This middle-school magazine and free online resource features non-fiction media texts on current events, social studies, history, geography, and more.

16 issues per school year, 24 pages

Art

Grades 7–12

Give your students an inspiring and balanced art curriculum with *Art*. A complete teaching program featuring classic and contemporary artists and artistic periods, “Art Workshop” projects related to a monthly theme, beautiful colour reproductions on every glossy page, six free posters of the featured artists’ work, mini-posters in each student issue, and “Artist of the Month” profiles of award-winning student artists.

6 issues per school year, 16 pages

Elementary Teacher’s Edition included!

Upfront

Grades 9–12

Upfront brings together teen-friendly articles on U.S. politics and world news, government, technology, economics, history, and the law. Engage students with global reports from *New York Times* correspondents, history features, debates, teen essays, and political cartoons. You’ll also receive discussion questions, quizzes, geography activities, and a **FREE** World Affairs Annual Issue with an atlas and almanac for every student.

14 issues per school year, 24 pages

STRIVING READERS

Action

Grades 7–12

(Reading Level 3–5)

Action is the reading intervention magazine created specifically for below-level readers. Every issue includes features that teach reading skills and strategies to improve reading comprehension, fluency, and vocabulary skills. Each feature is tied to a skill-building activity, exercise, or quiz. Great for ELL students!

8 issues per school year, 16 pages

Scope

Grades 7–12

(Reading Level 6–8)

To help inspire reading and writing for on-level middle school students, *Scope* offers teen-oriented non-fiction, plus classic, contemporary, and multicultural young adult literature, along with activities, puzzles, and games. Build writing skills with the Writer’s Toolbox program—and support test prep with the Scope 100 Vocabulary List.

8 issues per school year, 32 pages

English Language Learners, Grades 7–12

**BEST-SELLING
MAGAZINES**

for High-School English
Language Learners!

BEGINNER

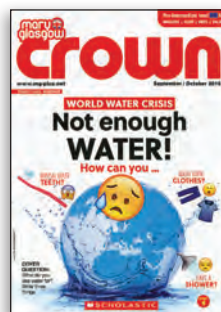

CLICK

Carefully levelled short texts, vocabulary activities, and plenty of interactive questions get students actively involved and build their confidence. Photo-stories and news on pop culture and sports, puzzles, and cartoons help give young teenage students insight into life in the English-speaking world.

5 issues per school year, 16 pages

PRE-INTERMEDIATE

CROWN

Colourful and interactive, *Crown* is a great read for teenagers in their second year of ELL. Each issue contains compelling levelled text and fun-to-do activities, including puzzles, language games, personality questionnaires, film information, pop culture and sports news, and photo-stories.

5 issues per school year, 16 pages

INTERMEDIATE

TEAM

Fun and informative, *Team* stimulates and engages teenage readers through photo-story dilemmas, music news, self-analysis, puzzles, sports features, and film news. The “News and Views” section provides subjects for classroom discussion, while the interviews with teenagers let your students compare themselves with their contemporaries.

5 issues per school year, 16 pages

UPPER-INTERMEDIATE

CLUB

Perfect for teenagers with an intermediate or upper-intermediate level of English, *Club* contains popular youth culture articles and tackles current issues in a sophisticated yet age- and level-appropriate way. *Club* gives real insight into culture through street interviews and profiles.

5 issues per school year, 16 pages

ADVANCED

CURRENT

Current's use of language and wide coverage of issues in the English-speaking world will satisfy students who want to push their knowledge and language skills to a very high level. *Current* provides an excellent balance of longer articles for more extensive reading on a subject and shorter articles for information and amusement. Topics include interviews, analysis of current affairs, literary extracts, and news from the world of entertainment. Each magazine contains four pages of content-related activities for added linguistic development.

5 issues per school year, 32 pages
